

It's Party Time!

It's time to plan for a birthday celebration and we want to be part of it! Have your next party at Precision Contemporary Dance for any child ages 2 and up.

Your two-hour party will feature an age-appropriate dance class in either princess ballet or jungle jazz along with fun creative movement games. We offer a clean and safe environment for your party and you won't have to worry about the fun messing up your home.

We will reserve the first 15 minutes of your party for drop-offs and welcoming your guests. Followed by 1 full hour of dance and activity. That will leave 45 minutes for birthday refreshments and gifts.

Parents can enjoy watching the party activities, taking pictures or running the video camera.
